

We Like The Dark

Stealing Sheep

We like the dark, we like the part
Where we don't know what we are
Can't tell apart our head from heart
We like the dark, we like the dark

We like the dark, we like the part
Where we don't know what we are
Can't tell apart our head from heart
We like the dark, we like the dark

(Follow me)

(Follow me, follow me)

La-la-la-la-la
La-la-la-la-la
La-la-la-la-la
La-la-la-la-la
Ooh

Leave me on my own
Follow me, I'll follow you
Leave me on my own
Follow me, I'll follow you

We like the dark, we like the part
Where we don't know what we are
Can't tell apart our head from heart
We like the dark, we like the dark

We like the dark, we like the part
Where we don't know what we are
Can't tell apart our head from heart
We like the dark, we like the dark

La-la-la-la-la
La-la-la-la-la
La-la-la-la-la
La-la-la-la-la
Ooh

Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you

Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you
Are you following me? 'Cause I'm following you
