

## Dreaming

### Steel Attack

Oceans of fire, skies darker than black  
Welcome to hell there's no turning back  
It's time for you to die again again again

In sulphur flames, forever burning  
Excruciating, forever yearning  
To die for real to end this ever lasting pain

Dreaming, I must be dreaming  
I can't remember dying  
Screaming, I must be dreaming  
I can't remember dying

Relentless torture, I can't close my eyes  
As I see my self repeatedly die  
I see and feel the pain again again again

I suffer I'm broken I'm bleeding inside  
A voice repeating it is time to die  
I kneel and beg for mercy  
End this nightmare now!

Dreaming, I must be dreaming  
I can't remember dying  
Screaming, I must be dreaming  
I can't remember dying

Welcome to my world  
Welcome simple mortal  
A taste of pain to make you bow  
Subjected to my force  
Welcome to my world, welcome simple mortal

Someone please  
Someone please release me - bring me home!

Dreaming, I must be dreaming  
I can't remember dying  
Screaming, I must be dreaming  
I can't remember dying  
Dreaming, I must be dreaming  
I can't remember dying
