

# Hard Breaks

Steeler

From man to man, take what we can  
A new generation  
Stand up as one, time has come  
New liberation

[Chorus 1:]  
Come on... and make a stand  
Nothing can match your desire  
Oh you won't look back, it's a straight attack  
Gettin' higher

[Chorus 2:]  
Hard breaks  
Hard breaks  
No turnin' back  
Hard breaks  
For too long we have been... on the track

Finding our place, hit to the face  
No complication, no  
When the battle is won... life has begun... realization

[Chorus 1 and 2]  
[Chorus 2:]

[Children's choir:]  
Rise up!  
We've had enough  
Build a new... generation

Ow! Ow!

[Chorus 2:]
