

Come on Over

Stefanie Heinzmann

Come on over
When life is getting colder
I'll always be your shoulder
To cry, cry on

Call me up
When you're stuck
When life is tough
When you feel all the power, you know

I got time
And some wine
We can talk
Talk for hours and hours when you are

Losing your sanity
World is your enemy
Just come around, 'round, 'round
We are
Some kinda family
You can depend on me
When you are down, down, down

Come on over
When life is getting colder
I'll always be your shoulder
To cry, cry on

Come on over
'Cause you and me together
Will always make it better
You're not alone

Come on over
When life is getting colder
I'll always be your shoulder
To cry, cry on

Come on over
'Cause you and me together
Will always make it better
You're not alone

You're not alone
You're not alone
So come on over
Not alone
You're not alone
So come on over

Laugh and smile
Till we cry
Or just be quiet
Say whatever, whatever you need
Got your back
You know that
And you got mine

That's forever and ever when you are

Losing your sanity
World is your enemy
Just come around, 'round, 'round
We are
Some kinda family
You can depend on me
When you are down, down, down

Come on over
When life is getting colder
I'll always be your shoulder
To cry, cry on

Come on over
'Cause you and me together
Will always make it better
You're not alone

You're not alone
You're not alone
So come on over
Not alone
You're not alone
So come on over
