Glad To Be Alive

Stefanie Heinzmann

There is a place I can show you (show you)
Where everything is so pretty (pretty)
Where everybody is dancing (ouwoho)
We're going back to the future
Don't need to worry about money (honey)
Some staring at the computer (computer)
It's time to see what matters (ouwoho)
We're going back to the future

Some might say there's better days
I was searching for another score
Live's to short to hate it, ouwoho, ouwoho

I'm so glad to be alive (alive)
I'm so glad to be alive (alive)
Every day is a new beginning
Start loving what you're living
I'm so glad to be alive (alive)

There will be days when you thinking of giving up
Remember they make you stronger (stronger)

It's time to see what matters (ouwoho)
We're going back to the future

Some might say there's better days
I was searching for another score
Live's to short to hate it, ouwoho, ouwoho

I'm so glad to be alive (alive)
I'm so glad to be alive (alive)
Every day is a new beginning
Start loving what you're living
I'm so glad to be alive (alive)

Everybody singing, ouwoh
We're so glad, we're alive
Everybody singing, ouwoh
We're so glad, we're alive
I'm so glad to be alive

I'm so glad to be alive (alive)
I'm so glad to be alive (alive)
Every day is a new beginning
Start loving what you're living
I'm so glad to be alive (alive)
