

I Bet She Doesn't Feel It

Stefanie Heinzmann

What about the things you said?
What about the things you've done?
What about the lies you told to me and also everyone?
What about the games you played?
What about the plans we made?
What about the future any-anyway?

'Cause you found another lover
Just a little younger
But too blind to see (Too blind to see)
That soon you will discover
There will be no other
No other like me

I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't give you what you had before
But can't get no more, more, more
I betcha she doesn't feel it

Didn't I just treat you right?
Didn't I just hold you tight?
Didn't I just give you everything you wanna every night?
Didn't I just take your hand?
Didn't I make you my man?
But now I see that you don't give a damn

'Cause you found another lover
Just a little younger
But too blind to see (Too blind to see)
That soon you will discover
There will be no other
No other like me

I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't give you what you had before
But can't get no more, more, more
I betcha she doesn't feel it

I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't feel it, feel it like I feel it
I betcha she doesn't give you what you had before
You can't get no more, more, more
I betcha she doesn't feel it
