

Numb The Pleasure

Stefanie Heinzmann

Wake up the lights out
Don't wanna hear me shout
Wish the wall were down
So I can see the world around
Shake my hands move my feet
To get me back on to the beat
Turn my head try to feel
Nothing makes this thing real
The pain stand the pressure
Fighting to feel around
I know is hard to measure
Best in relief I have found
Yeah yeah yeah
Put down the after shows
Maybe learn thing or two
Show positively things are looking up for me
Then I run to my defense
Is really dense makes so much sense
I know is more up there or maybe less
I really don't care

Best in relief I have found
What I feeling if I start to believe
Just hold down to this feeling cause is coming ..
The pain stands the pressure
Fighting to feel around
I know is hard to measure
Best in relief I have found

Fighting to feel around
