Painfully Easy

Stefanie Heinzmann

Realize the things you do make me wanna keep on lovin' you it's your carrying way that makes it harder

I realize the things you say make me want you even more to stay it's your sweeter words that make it harder

baby know that when you leave you take away my right to breath

so when today turns tomorrow
i'm gonna wait, wait for that someone
to carry me through
reminds me of you
Baby, when the sky falls forever
my love alone can keep us together
'cause we had it all
rains gonna fall
painfully easy

Realized a thing or two i've seen it all in what you do i never meant that much to you that made me harder

I've realized for what we had things are always gonna turn how bad you kept it all inside and now i realized and so did I ever since the day you came i always thought you'd feel the same

So when today turns tomorrow
I'm gonna wait, wait for that someone
to carry me through
reminds me of you
Baby, when the sky falls forever
my love alone can keep us together
we had it all
rains gonna fall
painfully easy

baby know that when you leave you take away my right to breath

So when today turns tomorrow i'm gonna wait, wait for that someone to carry me through reminds me of you Baby, when the sky falls forever my love alone can keep us together 'cause we had it all rains gonna fall Jištengully eakyrdy.cz
