

Power

Stefanie Heinzmann

Power
It was all in me
Got that
Power
No limit to what I can be
Tell everybody
I'm on my way

I'm an ember in a desert
Burning through the night
Imma start a forest fire
Lighting up the sky
Unstoppable
Wish I knew before

I'm an echo in the distance
Hear me when I roar
We're the rivers meet the oceans
Stronger than before
Unstoppable
Now I know I know

I got that
Power
It was all me
I got that
Power
No limit to what I can be
Tell everybody (tell everybody)
I'm on my way (I'm on my way)
I got that power
Power
Power

You're a mountain
You're a giant
Even when you're small
You're the thunder you're the lightning
Show them who you are
If you never knew
I hope you know

You got that
Power
It was all in you
You got that
Power
No limit to what you can do
Tell everybody (tell everybody)
You're on you're way (you're on your way)
You got that power
Power

You burn your fire
Fan your flames higher
Higher and higher
Light up the sky

Wildfire

Power

It was all in me
I got that power
No limit to what I can be
Tell everybody
I'm on my way

We got that power
Here and now begins
Got that Power
Oh No more ifs and when
Tell everybody
We're on our way
We got that power
