

# Shadows

Stefanie Heinzmann

I used to try hard, didn't feel right  
Like it's all a race for the spotlight  
Everybody's talkin', talkin'  
But we're never really talkin', talkin'  
Feel like a wheel in the system  
Do we wanna keep it real or distant?  
Everybody's talkin', talkin'  
But are we really talkin', talkin'?

And I got something new  
Spinnin' in my head, spinnin' in my head  
Found my brand new tune

And now I'm done chasin' shadows  
These shadows, they're all over me  
I'll take my chances  
'Cause chances is all that we need  
Feelin' like kids in the summer  
Feel like we can do what we wanna  
Dancin' with shadows  
These shadows  
All we gotta do is fall in love (ayo, ayo)  
All we gotta do is fall in love (ayo, ayo)

You can be all you wanna be  
You can make a choice in a heartbeat  
You can hear it callin', callin'  
I'm sure you hear it callin', callin'  
Come on take a ride on this new road  
And I think we were wrong, so let it go  
Just keep on walkin', walkin'  
We never stop walkin', walkin'

And I got something new  
Spinnin' in my head, spinnin' in my head  
Found my brand new tune

And now I'm done chasin' shadows  
These shadows, they're all over me  
I'll take my chances  
'Cause chances is all that we need  
Feelin' like kids in the summer  
Feel like we can do what we wanna  
Dancin' with shadows  
These shadows  
All we gotta do is fall in love (ayo, ayo)  
All we gotta do is fall in love (ayo, ayo)

Try to see the little things  
Your heart tells you everything  
Love comes 'round and 'round again  
Try to see the little things  
Your heart tells you everything  
Love comes 'round and 'round again

And now I'm done chasin' shadows  
These shadows, they're all over me

I'll take my chances  
'Cause chances is all that we need  
Feelin' like kids in the summer  
Feel like we can do what we wanna  
Dancin' with shadows  
These shadows  
All we gotta do is fall in love (ayo, ayo)  
La la la la la (ayo, ayo)  
All we gotta do is fall in love
