

Stranger In This World

Stefanie Heinzmann

Hey there, strangers, I really like your way
Hey there, stranger, don't you ever- don't you ever change
They told, you you're naive, that you won't fit in
Unless you hide the way you feel
You got colors they don't understand

(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world

Hey there, stranger, so scared of standing out
Hey there, stranger, hiding in the crowd
You're stronger than you think
So much love to give
Maybe you don't know it still
But you got colors I can understand

Everyon's a stranger in this world
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world
(Hehe, heho, hehe, heho, hehe, heho)
There's only one, only one who can be who you are
(Hehe, heho, hehe, heho, hehe, heho)
There's only one, only one, so be it, be it
(Hehe, heho, hehe, heho, hehe, heho)
There's only one, only one, how can do what you do, what you do, what you do
(Hehe, heho, hehe, heho, hehe, heho)

Everyon's a stranger in this world (Hahaaaha)
I can see myself in you (Hahaaaha)
It's who I really am, it's who I really am (Hahaaaha)
I can see myself in you (Hahaaaha)
It's who I really am, it's who I really am, it's who I really am (Hahaaaha)

Everyon's a stranger in this world, But I can see myself in you
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world, hey there, stranger, I can see myself in
you
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world, but I can see myself in you
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world, but I can see myself in you
(Hehe, heho, hehe, heho, hehe, heho)

There's only one, only one who can be who you are
(Hehe, heho, hehe, heho, hehe, heho)
There's only one, only one, so be it, be it
(Hehe, heho, hehe, heho, hehe, heho)
There's only one, only one, how can do what you do, what you do, what you do
(Hehe, heho, hehe, heho, hehe, heho)
Everyon's a stranger in this world
