

You're Not Alone

Stefanie Heinzmann

Sittin' here on my own
Even though there's no space in this bar
I can hear everyone
Talking 'bout how cool they think they are

And I used to think it's cool to fit in
But now I know how I've grown
I'm going' home, yeah

When you feel outta place
Small and insignificant
Standing in a crowded space
Just know you're not alone
All the roads you wander lead you home
Doesn't matter where you go
You're not alone

Getting tired of the fake
Of the way we tell ourselves to be
Imma try, try to make
Make the most of every breath I breathe

'Cause I used to feel confused by the real
But now I know how I've grown
I'm goin' home, yeah

When you feel outta place
Small and insignificant
Standing in a crowded space
Just know you're not alone
All the roads you wander lead you home
Doesn't matter where you go
You're not alone
You're not alone

When you feel outta place
Small and insignificant
Standing in a crowded space
Just know you're not alone
All the roads you wander lead you home
Doesn't matter where you go
You're not alone
You're not alone
You're not alone
You're not alone
