

Save Me

Steffany Gretzinger

I tried to be the hero for a day
But all my superpowers failed to save
So I turned in my ego and my cape
I was made to fly but not this way

It all starts with breathing You in
Breathing You in deeply
I've been drowning under my skin
No one but You can save me

My weakness is my honor not my shame
Leaning is my portion not my pain
I was frantic till You changed the pace
You won't give me more than I can take

It all starts with breathing You in
Breathing You in deeply
I've been drowning under my skin
No one but You can save me

You're my hero
You're the only One
Who is strong enough
You're my hero
You always pick me up
Before I self-destruct
You're my hero
You're the only One
Who is strong enough
You're my hero
You always pick me up
Before I self-destruct

It all starts with breathing You in
Breathing You in deeply
I've been drowning under my skin
No one but You can save me
