

Both Ways

Stefflon Don

Ay, strike a pose, ay, everything you can get, everything froze
Push it back touch your toes, No, I stunt on my phone
Bitch please wash my clothes, they was hatin' when I was broke
Now anything goes
I'm like oh my day, hey
Yes she push it, pussy pop it and she goes both ways
Oh my day, eh
Got the chain singing when I hit it from the back
Fat twerk, got that fat pussy eating like woah...

All I ever wanted was a brother that could eat it good (stay lit)
Reposition tit, when it hit the clip, dip, dip
Pussy drippin' like a broken tap stroke in from the back
Ball sack, on my fat back make it clap clap
Belly fat, uh, stretchmarks on Adidas
Pulling on a done wig, when the glue quits money come off
Hand rosen you need to freshen up
Baby boy just cool off
But my nails did dope, I got a gel tip glow
Is she leavin' why she leavin' with no funds (that's dumb)
If he playin' rock the boy and shot his strugs (hold on)
Don't forget to find a bitch and bang her up
Until the bitch is fucking lit so she's so level up

Ay, strike a pose, ay, everything you can get, everything froze
Push it back touch your toes, No, I stunt on my phone
Bitch please wash my clothes, they was hatin' when I was broke
Now anything goes
I'm like oh my day, hey
Yes she push it, pussy pop it and she goes both ways
Oh my day, eh
Got the chain singing when I hit it from the back
Fat twerk, got that fat pussy eating like woah...

All I want is a girl that can rack it, thick almost tall
And she's fuckable and thick ey
She knows how to flex
Wind it on the decks
Almost make me cum, I have to pull it out a bit
All I really want is a girl who can fuck with my pants down eh
While I'm driving on the bat eh
She's a sly freak eh
Only for her man
This is for the G's, so you won't understand

All I want is a man not a boy
Give me love, no stress
Make me happy but I'm vexed
Yes I'm a sly freak, but only for my man
This is for my don's so you ho's won't understand, yeah

Yo backstroke, best stroke
Two magnums should be hanging off the bedpost
Got the champagne, red roast, you know
Every little helps, like Tesco

I want the pussy all night

Got the pussy tight
Ay, fuck her in the dark, make her see the light
Ay, the good dick, she can't see the time
You know, R'nB time
Bump and grind, ooh
My pony, let's do it, ride it, my pony
Ay, big bang take Nickelback
Ay I touch ya fi ma, is a little matter

Why you posting that money
Like we give a damn
Ay, take that little gran off your Instagram
The real thing is stiff eh, with big F
Step into the place, everyting game!

Ay, strike a pose, ay, everything you can get, everything froze
Push it back touch your toes, No, I stunt on my phone
Bitch please wash my clothes, they was hatin' when I was broke
Now anything goes
I'm like oh my day, hey
Yes she push it, pussy pop it and she goes both ways
Oh my day, eh
Got the chain singing when I hit it from the back
Fat twerk, got that fat pussy eating like woah...

All I want is a man not a boy
Give me love, no stress
Make me happy when I'm having sex...
