

# Different Sides

**Stefflon Don**

Tell my lover I'm comin' home  
It's too cold outside for anyone  
You know love don't like to be alone  
Oh, na-na-na  
Strobe lights when we hit the club  
Skin tight dress got me in my zone  
You know love don't like to be alone  
Oh, na-na-na  
Nobody knows  
The days I was in the dark  
Cryin' from a broken heart  
Seen love, no lie  
They wanna know  
How did it all get started?  
You ain't even really my target  
Bet you are sorry that you never treated me better

I wanna spend my time with you  
Spend my time with you  
Spend more time with you  
Yeah, that's different sides of blue (Uh-huh)  
Different sides of you (Different sides of you)  
I wanna spend my time with you (Spend my time with you)  
Different sides of blue (Oh, oh)  
Oh yeah, that's different sides of you

Show me something  
You never showed no-no-nobody-body before  
Body and soul, put your spell on me  
Give your love to me totally, don't hold it back  
[?] your karma  
I don't really care, just wan' see [?]  
Fuck her tight to just love on me proper  
Kiss me in the club, hot girl from Jamaica  
Shorty [?] cover me, undercover me  
You can scream, it's my property  
Roll up and smoke something  
Bad, bad [?] inna one body  
Ride on me, we a go [?]  
Just take two shots, don't overdo  
One for the night and one for the road  
Baby, I want you to feel better (Bet you are sorry that you never treated me better)

I wanna spend my time with you (Spend more time)  
Spend my time with you (Spend my time with you)  
Spend more time with you (Spend more time with you)  
Yeah, that's different sides of blue (Uh-huh)  
Different sides of you (Different sides of you)  
I wanna spend my time with you (Spend more time with you)  
Different sides of blue (Oh, oh)  
Oh yeah, that's different sides of you  
I wanna spend my time with you (Spend more time)  
Spend my time with you (Spend my time with you)  
Spend more time with you (Spend more time with you)  
Yeah, that's different sides of blue (Uh-huh)  
Different sides of you (Different sides of you)

I wanna spend my time with you (Spend more time with you)  
Different sides of blue (Oh, oh)  
Oh yeah, that's different sides of you
