Falling for you

Pretty girl, you're taking your time  
Why you do me like this?  
You know me loving your whine  
Pretty girl, you're giving me signs  
Then you tell me you don't want me  
Can you make up you mind?  
Pretty girl, you're taking your time  
Why you do me like this?  
You know me loving your whine  
Pretty girl, you're giving me signs  
Then you tell me you don't want me  
Can you make up you mind?

Just copped the bust down  
So make a brudda try fool me

Falling for you  
Falling falling for you

Cry me a river, but I hope you don't drown  
Better be careful what you say outta your mouth  
You know it ain't never safe when I'm around

They said bad girls never do no good, good  
Got got it, got it all  
It's diamonds on me, let it fall  
Slow down  
Babe, I got racks up on racks up, they don't flow down

Love when you, love when you hold me  
Baby, don't control me  
Just know I run the town and all these bruddas wan' know me  
Said they gon' do me but they never do me  
Just cut the boss down  
So make a brudda try fool me

Pretty girl, you're taking your time  
Why you do me like this?  
You know me loving your whine  
Pretty girl, you're giving me signs  
Then you tell me you don't want me  
Can you make up you mind?
