

# Now Or Nevermind

Stela Cole

You say the right things at the right time  
But you only pull me close in the lowlight  
You could be the real deal or just a dumb guy

'Cause I've been right here, I've seen this before  
You don't get no second chances, that's for sure  
I'm a Louisville slugger in the downpour

Baby it's now or nevermind  
I've made my mind up  
Either you're mine or never mine  
Don't waste my time

'Cause I hold onto your love  
And if I can't get enough  
Then let it die, let it die  
(Now or nevermind)  
I'll hold you all night  
And if you can't hold me tight  
Then say goodbye  
'Cause it's now or nevermind  
Now now now now or nevermind  
Now now oh now now or nevermind  
Now now oh now now or never  
Let it die, let it die  
'Cause it's now or nevermind

I'm an ultimatum, you can't ever change  
If you sacrifice it all, I'll reciprocate  
If you want my heart of diamonds, better lock it down  
You don't get no sob story, if you're dippin' out

Now or nevermind  
I've made my mind up  
Either you're mine or never mine  
Don't waste my time

'Cause I hold onto your love  
And if I can't get enough  
Then let it die, let it die  
(Now or nevermind)  
I'll hold you all night  
And if you can't hold me tight  
Then say goodbye  
'Cause it's now or nevermind  
Now now now now or nevermind  
Now now oh now now or nevermind  
Now now oh now now or never  
Let it die, let it die  
'Cause it's now or nevermind

(Now or never, never, never)  
(Never mine)  
Now or never mine  
Now or never mine  
Now or never mine  
Now or never

'Cause I hold onto your love  
And if I can't get enough  
Then let it die, let it die  
I'll hold you all night  
And if you can't hold me tight  
Then say goodbye  
'Cause it's now or nevermind  
Now now now now or nevermind  
Now now oh now now or nevermind  
Now now oh now now or never  
Let it die, let it die  
'Cause it's now or nevermind
