

Rhapsody In Pink

Stela Cole

Na na na na na na na naaaaaaah

If it's not fancy then I don't fuckin' want it
Give me all you got and we'll get the party started
I like all the glitz and the glam, the groupies and the stans
If you're not? Then I don't fuckin' want it

(La la)
Cause I know my worth, you better go to work
If I make your pockets burn, back hurt, whoops
Then I don't fuckin' want it
(La la)
Cause I got a price, you better pay it right
If you don't hit it right, sacrifice, guess what?
Then I don't fuckin' want it

All night
We can take it outside
I'ma show you how to ride
If you gimme what I like what I like
(Woo! Ha-ha-ha-ha-ha-ha-ha)
All night
Ima let you wine and dine me
If you blow my mind then
Maybe you can stay for a while
(Woo! Ha-ha-ha-ha-ha-ha-ha)

If it's not fancy then I don't fuckin' want it
Give me all you got and we'll get the party started
I like all the glitz and the glam, the groupies and the stans
If you're not? Then I don't fuckin' want it

(La la)
Cause I know my worth, you better go to work
If I make your pockets burn, back hurt, whoops
Then I don't fuckin' want it
(La la)
Cause I got a price, you better pay it right
If you don't hit it right, sacrifice, guess what?
Then I don't fuckin' want it

I can make any man look pretty in pink
Devil wears prada, icy like a rink
Skating round dudes, pullin out moves
Got them doing pirouettes, then I put them in a mood
When I bat my eyes like Betty Boop
Yeah it's a lotta fun when you pick and choose
And I like to play duck duck goose
Let them run run run run jump through these hoops

If it's not fancy then I don't fuckin' want it
Give me all you got and we'll get the party started
I like all the glitz and the glam, the groupies and the stans
If you're not? Then I don't fuckin' want it

(La la)
Cause I know my worth, you better go to work

(Ooh, aah-aah-aah-ah)

Then I want nothing at all

Then I want nothing at all

Then I don't fuckin' want it
