

Slow Dance

Stela Cole

If we don't admit it, we don't have a problem
If we keep it sane, we can't hide where we are now
I'll stay ignorant, if it means that I get one more night like
this

Pour me a glass of something vintage
And light up all that incense, feel the candle's blaze
Let's put the needle on the record and drown out all the pressu
re
Take my hand and sway-ay

Can we slow dance?
Can we slow dance?
Around the truth
I wasn't built for you crazy
And you never change for me baby
But can we slow dance?
Keep this romance

Let our bodies speak
Spin me in the silence
Both my knees get weak
This time I ain't gonna fight it
No, no, no I ain't gonna fight it

Pour me a glass of something vintage
And light up all that incense, feel the candle's blaze
Let's put the needle on the record and drown out all the pressu
re
Take my hand and sway-ay

Can we slow dance? (Can we slow dance?)
Can we slow dance? (Slow dance, slow dance)
Around the truth
I wasn't built for you crazy (No-ah)
And you never change for me baby (No-ah)
But can we slow dance? (Slow dance, oh)
Keep this romance

Staying for a little bit longer
I don't wanna miss you now
Leaning in my head on your shoulder
You could make my world go 'round

So can we slow dance?
Can we slow dance?
