

Die

Stella Donnelly

Look me in the eye
Tell me that your fine
Let me see your face
I know what you like
You know that I love you
Wanna buy you more shit
But I can't afford it
You know that I miss ya
Fighting like a tourist

Look me in the eye
Tell me that your fine
I'm not here to taste all your cheese and wine
All my friends are virgo
Safety is important
You can trust me baby
But your always driving all over the road and

I don't wanna die
I don't wanna die
I don't wanna die
I don't wanna die
I don't wanna die
I'm looking forward but your falling behind
And I can't help myself
I know when your telling lies
I don't wanna seem more unkind
But what the hell is going on
I don't buy it

I don't wanna die
I don't wanna die
I don't wanna die
I don't wanna die
I don't wanna die
I'm looking forward but I'm falling behind
And I can't help myself
I know when your telling lies
I don't wanna seem more unkind
But what the hell is going on
I don't buy it

Look me in the eye
Tell me that your fine
I can see your face
I know what you like
You know that I love you
Wanna buy you more shit
But I can't afford it
But I can't afford it?
But I can't afford it
And I don't wanna die
I don't wanna die
I don't wanna die
I don't wanna die
