

Mosquito

Stella Donnelly

I got sick of waiting
Tuesday afternoon
K Line sea containers
Thunder past my room
I use my vibrator
Wishing it was you
I was thinking of ya
Tuesday afternoon

Cause your a pretty light
And I'm so attracted to ya
A malaria mosquito
Buzzing in the shadow
Your name is up in lights
And baby you deserve it
I wanna bring you cake back home from work
But you're allergic

Cause your a pretty light
And I'm so attracted to ya
A malaria mosquito
Buzzing in the shadow
Your name is up in lights
And baby you deserve it
I wanna bring you cake back home from work
But your allergic

Your a pretty light
And I'm still attracted to ya
A malaria mosquito
Coming in the shadows
Your name is up in lights
And baby you deserve it
I wanna bring you cake back home from work
But you're allergic
