

# The Night Of My Life

Stephanie McIntosh

In this moment,  
Everything suddenly makes sense  
All the random pieces in my life are falling into place  
In an instant  
I am flying high and scared to death  
Coz I wonder if you feel it to  
I wanna be a part of you

If it's goodbye now forever  
And I never get to see you again  
If it's the last kiss  
Before the world should end  
I wanna thank you for the night of my life

Well this feeling  
Touch you and linger on your skin  
Or like a feather in the wind  
And blow away out into space  
Will my memory  
Haunt you and bring you back again  
And I wonder if you need me to  
Whether I'll be meeting you

If it's goodbye now forever  
And I never get to see you again  
If it's the last kiss  
Before the world should end  
I wanna thank you for the night of my life

Ohh  
Don't go away  
Stay with me and the sun will rise  
In your eyes I will be all you need

If it's goodbye now forever  
And I never get to see you again  
If it's the last kiss  
Before the world should end  
I wanna thank you for the night of my life

Thank you
