

So Good, So Right

Stephanie Mills

Hey yeah, yeah yes

Good when you touch me
(Did you say it was right?)
Right when you hold me
(And you said it was good all over here)
Good when you love me
(Ah I know that it's right, yes is hey, hey, hey, mm)
Ahh- ahh

My love is yours to keep
My world is open to your light
Shine on me love of my life (oh, oh, yes)
No place I'd rather be (No place, no place)
Than here with you holding me so tight
Whispering (whispering) soft in the night
It's so good
Good when you touch me
(And it's so right, oh yes)
Right when you hold me
(So good babe, yes it is)
Good when you love me
And it's so right (Ahhh)

When you say that you're mine (Oh whew)

No better rule in love
To give your all and all is fair (fair)
Fair in love cause we're on our way (Yes, we are, oh)
I'd follow you anywhere
Just say the words and I'll be there (Be there)
Got to be there (Got to be there) to hear you say
(Say, say, say) say to me
You said it was good baby

Good when you touch me
(It's so right, so right)
Right when you hold me
(Tell everybody, tell everybody, it's good, yea)
Good when you love me
(Oh, yea, it's so right)
And it's so right
When you say that you're mine (X3) (adlibs)
