

# It's Only Love

Stephen Bishop

Where are you going  
You're already there  
When will you see it  
The same everywhere

Run if you want to  
There's no one to blame  
Find all the pieces  
They're always the same

Cause only love can find your heart  
Cause only love takes you in  
It's a game only fools can win

A name in the phone book  
It's someone you know  
A face in the window with no place to go  
Tell her a story, be sure that it's true  
Now she's in love and it's all up to you

Cause only love can find your heart  
Cause only love takes you in  
It's a game only fools can win

Maybe she will believe it, if you want her to  
When will you know that it's all up to you  
It's all up to you  
It's all up to you  
She's in love with you, boy  
It's all up to you
