

## Let Her Go

Stephen Bishop

Oh, you got her under some kind of spell  
I see you both walking down the street  
Looking for a cheap hotel  
Oh, but I love her  
More than you ever will  
You're a money man yourself  
Just send me the bill

Let her go  
You don't need her anymore  
Won't you please, please, let her go

She's the only girl I've ever really loved  
I would give up everything I own  
Just to have her back home  
Oh, and I need her  
More than you ever will  
She was mine till you came along  
And I love her still

Let her go  
You don't need her anymore  
Won't you please, please, let her go

Let her go  
You don't need her anymore  
Won't you please, please, let her go

All my friends say leave her alone  
When she wants to, she 'll come back home  
But tell me how can you feel like a man  
When you steal, all you can from anyone

Let her go  
You don't need her anymore  
Won't you please, please, let her go
