

# Make It Last

Stephen Bishop

Baby you should know  
When you're close to me  
if your heart starts to tremble  
and you feel a little weak

Darlin' what you feel  
I feel too  
Can't make it through my day  
without thinking of you..

Some people walk away  
never to be together  
love is here and gone so fast  
so let's Make it last..

Now do you want someone  
who tells the truth  
A stand up kind of fella  
who stands up for you

Have you wasted your time  
on liars and fools  
who hold you all through the night  
while they're thinking of someone new

I know you've heard it all before..  
But I promise my love for a lifetime  
love is here and gone so fast.....so..

Let's make it last..

Baby they say...  
Love waits for no one  
But I will stay  
every hour of every day  
Where no hearts can be broken  
and I'll give my love to you...

you know..It's only a matter of time  
and if we just hang onto each other  
You'll see how good it can be  
for you and me..

So darlin' all that I ask  
Let's make it last...

Let's Make it Last
