

## Mr. Heartbreak

Stephen Bishop

When I was young I learned a game  
How to break a young girl's heart  
But then I fell in love with you  
Guess I knew right from the start  
That love can be dangerous, I was so sure you were the one  
You treated me so cold, found someone else to hold  
Now everytime I find somebody new

I'm Mister Heartbreak  
When I get too close, my heart runs away, oh  
I'm Mister Heartbreak  
'Cause when I'm with other girls I'm still in love with you  
I found a girl with a love so true  
And when I broke her heart I was thinking of you  
You went out into this great big world  
Made a big success out of a little girl

And I can't stay home at night  
I drive around all over town  
With all the girls I know, then I let them go  
'Till I find someone who's just like you  
I'm Mister Heartbreak  
Can't turn back now, I know it's too late, oh  
I'm Mister Heartbreak  
When I'm with some girl I'm still in love with you

I search the stars in my dream  
Sometimes I hear you talk to me  
In my head soft and clear  
Did I hear you whisper in my ear?
