

Sinking In An Ocean Of Tears

Stephen Bishop

Everybody said, "Now stay and wait
Til you find out what is real."
So I flew halfway 'cross the states
Just to tell you what I really feel

And now I'm sinking in an ocean of tears
And I'm thinking of how it felt with you near
And wondering how I'll get out of this
When all I wanted was one more kiss

Keep your distance, there's no romance here
She said, "A friend you will always be
Aw, your mind is hazy, mine is clear,"
But my love can't stay hidden, it is free

And now I'm sinking in an ocean of tears
And I'm thinking of how it felt with you near
And wondering how I'll get out of this
When all I wanted was one more kiss

Oooh and now I'm sinking in an ocean of tears
And I'm thinking of how it felt with you near
And wondering how I'll get out of this
When all I wanted was one more
Kiss

When all I wanted was one more kiss

When all I wanted was one more kiss
Kiss
Yes, yes, yeah...
Yes, yeah, yeah...
