

# Ride

Stephen Day

Give me the keys  
Passenger seat  
I need you beside me  
Put up your feet  
Running on E - asy street  
Just vibing  
Tell me your dreams  
Tell me the things  
You can't put behind you  
Give me all your troubles let's ride

Had a bad day  
The Daniel Powter kind  
In a bad state  
And Georgia's on your mind  
Need a band aid  
They ain't hard to find  
It's no good to hold it inside

Give me the keys  
Passenger seat  
I need you beside me  
Put up your feet  
Running on E - asy street  
Just vibing  
Tell me your dreams  
Tell me the things  
You can't put behind you  
Give me all your troubles let's ride

Made a mistake  
Been there lots of times  
Bad anxiety  
Had to roll the dice  
Don't let that kind of thing  
Keep you up at night  
It's no good to hold it inside

Give me the keys  
Passenger seat  
I need you beside me  
Put up your feet  
Running on E - asy street  
Just vibing  
Tell me your dreams  
Tell me the things  
You can't put behind you  
Give me all your troubles let's ride

Look at the leaves and the trees passing by  
Ain't it a beautiful day for a ride  
Look at the leaves and the trees passing by  
It's no good to hold it inside

Give me the keys  
Passenger seat  
I need you beside me

Put up your feet  
Running on E - asy street  
Just vibing  
Tell me your dreams  
Tell me the things  
You can't put behind you  
Give me all your troubles let's ride

Look at the leaves and the trees passing by  
Ain't it a beautiful day for a ride  
Look at the leaves and the trees passing by  
It's no good to hold it inside

It's no, it's no, it's no, it's no  
It's no good to, it's no good to, it's no good to, it's no good to
