

What If I Fell in Love with You?

Stephen Duffy

Could we be happy just for a moment?
A t-shirt,
A suitcase,
A tea bag,
A fruit cake.
We're worldly,
We've got things
Shoelaces and heart strings.
Everything we wanted's thrown away,
The things we took for granted yesterday,
These are our obsessions though
I know they're all spoken for.
What if I fell in love with you,
You know it's the last thing you thought I would do.
What if you fell in love with me,
Could we be happy just for a moment?
We're lonely,
We're needy
I need you to feed me
You're so independent,
Please finish my sentence.
I've lusted after you for far too long,
(Could we be happy)
Projected all my fantasies in song.
(Just for a moment)
You are my obsession though
I know we're both spoken for.
What if I fell in love with you,
You know it's the last thing you thought I would do.

What if you fell in love with me,
Could we be happy just for a moment?
If I loved you, dearly loved you
If I loved you
Could we be happy just for a moment?
Would we be happy just for a moment?
What if I fell in love with you,
You know it's the last thing you thought I would do.
What if you fell in love with me,
Could we be happy just for a moment?
What if I fell in love with you,
You know it's the last thing you thought I would do.
What if you fell in love with me,
Could we be happy
Would we be happy
Should we be happy
Could we both be happy
Could we both be happy
Could we both be happy
Could we both be happy
Could we both be happy
Could we both be happy
Could we both be happy...
Could we both be happy...
