

Brainwashed

Stephen Malkmus

Brainwash me, brainwash me
Please, take these old thoughts away
Scatter and smother and cover them
Down where they lay
I could care less where they land
I'm on the open idea plan

Brainwash me, brainwash me
Please, I am ready to bail
Into a new modality
If it's available
Watching the story unfold
Doing my head in like solid gold

When I got busted in Maine
Bad propane
I knew the game was a racket
And yet I remain
I did it all for the scratch
Success is addictive, you know about that
