

For You

Stephen Malkmus

You are my destiny
Nothing can change the way I feel
I love you
The stars all say your name
Sun cannot block out the fact that I need you
If I never had a chance to tell you
It's because I'm acting so adult now
Things might change from day to day

Well you are everything and more to me now
It means everything to be with you now
And I hope it's right away

La, La, La etc...

Just like the wind
You drift away
Your heart will bleed all over
A thousand dreams
Of effigies
The sailing ship fell over

You are my honey bee
Nothing can change the way I feel
I love you
Under the cherry tree
Nothing can stop our destiny
I need you
Well you're everything and more to me now
It means everything to be with you now
Things won't change from day to day
Well I know you're acting so adult now
That's the way it's gonna be now
And I hope it's right away
