

What Kind Of Person

Stephen Malkmus

What kind of person makes you feel beautiful forever?

The kind of person blew you away from the very first day you met

Took you and touched you, stuck you, call you a bet

What kind of person steals in reverse?

The kind of person you can become if you play your cards far from the vest

It's a mess, it's the best you can do in life

Someone asked me, why are we, how we got stuck up on lover's lane, babe, it's insane

Wait for me there, wait for me until

It took some hours to get your fill

Dirty deeds

What kind of person makes you feel beautiful forever?

What kind of person makes you feel beautiful forever?
