

Mind Control

Stephen Marley

Yeah, yeah, yeah, now tell you what
It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul

Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul

Don't let them mold your mind
They wanna control mankind
Seems like their only intention
Is to exploit the earth, yeah

And you trust in their deceit
Your mind causes your defeat
And so you become an invention
To distort this earth

Propaganda and lies
Is a plague in our lives
How much more victimized
Before we realize? Hey

It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul

Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul

Ooh, Grandmaster
Let the people go
You put them in total confusion
To down-troy their soul

For they practice what You preach
So they're always in Your reach
Hi-tech slavery in these days
It's mind control

They'll make it attractive to get man distracted
Corrupting your soul, polluting your soul
Destroying your soul, mind control

Mind control
Corruption of your thoughts, yeah
Destruction of your soul

Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul

Yeah, yeah, yeah
Come on and get it together, brother man
What, what you say?

It's mind control, mind control
Corruption of your thoughts
Yeah, yeah, destruction of your soul

Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul

(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul

(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul

(The truth is there for us to see, the truth is there for us to see)
