

# Only Girl

Stephen Sanchez

If love is an understatement  
Then, honey, I'm a goddamn fool  
When I tell you there's no replacement  
For what you do to me

So, give all your love to me  
And give all your love to me

Those other boys will let you down  
No, I would never mess around  
1, 2, 3

Baby, won't you be my girl?  
Baby, won't you be my girl?  
Baby, won't you be my only girl?

Love's a dog and it's tail I'm chasin'  
I'm pullin' down the moon for us  
Stumbled towards the room, heart's racin'  
Just know that it's because of you

So, give all your love to me  
And give all your love to me

Those other boys will let you down  
No, I would never mess around  
1, 2, 3

Baby, won't you be my girl?  
Baby, won't you be my girl?  
Baby, won't you be my only girl?

Baby, won't you be my girl?

So baby, won't you be my only girl?

I don't want nobody else  
No, I just want you to myself  
So, won't you please forever be my only girl?  
Only girl

I don't want nobody else  
No, I just want you to myself  
So, won't you please forever be my only girl?  
Only girl

Baby, won't you be my girl?  
Baby, won't you be my girl?  
Baby, won't you be my only girl?

Baby, won't you be my only girl?
