

Send My Heart With A Kiss

Stephen Sanchez

Send my heart with a kiss
If ever I need to, I can't feel your love
When I cannot be with you
What more could offer this?
So, please send my heart with a kiss

Send my heart with a kiss
If ever I need an ember to warm my lonely soul
In the middle of winter
What more could offer this?
So, please send my heart with a kiss

I may not leave for a long time
Still, I feel that my soul cries for your love
Your love, your love
Your love

Send my heart with a kiss
If ever I need to, I can't feel your love
When I cannot be with you
What more could offer this?
So, please send my heart with a kiss
