

She's so Beautiful

Stephen Simmonds

That girl is sin
And I'll be cursed
The beautifullest thing on this earth

I'll never learn but that's alright
The beautifullest burn
What a lovely fire and she is

More than you'll ever, more than you'll ever, more than you'll
ever
That girl is tight, I've got to behave
More than you'll ever, more than you'll ever, more than you'll
ever
Just for tonight let me dig my grave

She's so beautiful

I can't help myself i fall
She's like a fire
Can't be touched
She's so beautiful

The beautifullest thing

She likes to dance scandalous
And she don't give a damn about the dirty looks
Got every man at her touch
It's more than I can stand so tell me what she is

More than you'll ever...

Can't nobody hold her
Got to get closer
Her back and shoulder
Flex like a cobra
