

So Many People

Stephen Speaks

Can you hear it when
When I call out your name
Would you listen or
Would you turn your head away
Cause there's something in the water
That's keeping this alive
There's something in the water
Saying don't let it die

Cause there are so many people
Wandering all alone
There are so many people
Searching for what we've found

Can you taste it
The delicateness
Can you smell it when
When I hold you like this
Can you feel it when
When I'm holding your hand
Do you miss it when
When you're not where I am
Cause there's something in the water
That's keeping this alive
There's something in the water
Saying don't let it die

Cause there are so many people
Wandering all alone
There are so many people
Searching for what we've found

And if we ever let this go
It's something we're sure to miss
And I just thought I'd let you know
It doesn't get better than this

There are so many people
Wandering all alone
There are so many people
Searching for what we've found
