

The woman I love can be mean sometimes  
The dog I feed has been known to bite  
One keeps me safe, one keeps me warm  
Some things are just a double-edged sword

Yeah, I make enough to cover my bills  
Upside drowning underwater still  
I'll get ahead when I ain't so behind  
Damn sure ain't goin' nowhere tonight

'Cause the beer is cold, but the bars are closed  
There's a drought in the wettest part of Oklahoma  
Tornadoes roll through town on Christmas  
Nobody's hurt, but the house is missin'  
God is good, life is twisted  
God is good, life is twisted

Hey  
Mm, yeah (I say)

Beer is cold, but the bars are closed  
There's a drought in the wettest part of Oklahoma  
Tornadoes roll through town on Christmas  
Nobody's hurt, but the house is missin'  
God is good, life is twisted  
God is good, life is twisted

I don't know what is or ain't fair  
The foolish question unanswered prayers  
Start out right and wind up wicked  
Yeah, God is good, life is twisted  
Life is twisted  
God is good, life is twisted  
Now sing

Beer is cold, but the bars are closed  
There's a drought in the wettest part of Oklahoma  
Tornadoes roll through town on Christmas  
Nobody's hurt, but the house is missin'  
God is good, life is twisted  
God is good, life is twisted

Twisted, twisted  
(Life is twisted)  
God is good, life is twisted  
(Life is twisted)
