Corina Corina, Girl where you been so long Corina Corina, where you been so long I've been worried about you baby Why won't you please come home

I got a bird that whistles I got a bird that sings Got a bird that whistles I got a bird that sings But I ain't got Corina and life don't mean a thing

Corina Corina Ah you're on my mind Corina Corina you're on my mind I think about you girl and I can't keep from crying
