

I'm Going Upstairs

Steppenwolf

I'm goin' upstairs, and bring down all of my clothes
I'm goin' upstairs, and bring down all of my clothes
Where I go baby, you will never know

My mother dead and gone, my father don't want me around
My mother dead and gone, my father don't want me around
Don't you know baby, I ain't got no place to go

You know, you know, you don't want me no more
(No you don't)
You know, you know, baby you don't want me no more
You can love babe, with your younger stud, baby
Ho-ho-ho-ho-ho

Got a house on the water, you know I don't need no land
(Have mercy on me)
Got a house on the water, you know I don't need no land,
When I'm dead and gone, bury me in the deep blue sea
Hmm-mmm, ho-ho-ho-ho-ho
