

## Tell Me It's All Right

Steppenwolf

Tell me what you've got to give me  
Tell me what you've got that's free  
All I want is all you got, hey  
You would do the same to me

That's all I seem to hear, day in, day out  
Where it not for your sweet love, I'd scream and shout

Every day's a new beginning  
But every night the same old end  
Will the good times really come again  
Will a dollar buy a quarter  
Will a quarter buy some time  
Time enough to save the Five and Dime

Somebody, tell me it's all right (it's all right)  
To believe that it's all over  
Tell me it's o.k. (it's o.k.)  
Happy days are on their way

All I ever want (to feel right)  
Is the best of everything (come tomorrow)  
All I ever need (it's o.k.)  
Is a perfect world today
