

# To the Beat of My Heart

## Steps

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart

Ice-cool baby, I don't wanna miss a beat  
Everybody sweating in the underground heat  
Body rocking body like an endless tide  
Yeah, I think I'm ready for the midnight ride

I saw you dance, I gotta have it  
You don't understand, you don't understand  
I want your loving, without a lover  
I wanna be there now

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart

Lights down, baby, tell me do you think of me?  
Wonder what you're seeing, am I in your fantasy?  
Want this night forever but we can't fight time  
Everybody's sleeping while we're creeping outside

And how we dance, it's so fantastic  
You don't understand, you don't understand  
I want your loving, without a lover  
I wanna be there now

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart

Wanna feel your body close to mine  
You love the way I move, it drives you wild  
Ooh, honey, don't you know it feels so right?  
Something tells me that you got here just in time

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart

Oh baby, I just love to dance with you (In the dark)  
Oh, to the beat of my heart  
Oh, there really is nothing I'd rather do  
Don't stop, oh, to the beat of my heart
