

## Pieces

Stereo Fuse

When we're together, I have nothing to hide  
I can hold you close, and feel you deep inside  
When I needed you  
You always found the time  
To listen to me and what's on my mind

I cross my heart and hope to die  
I'll always be the one by your side, yeah

I can't live without you, that's all I can say  
I think more about you every day  
What you've got to offer, I really need  
Cause you have all the pieces to complete me

I'm sure about one thing  
And that's you and me  
I locked my heart and gave you my only key  
Before I go to sleep  
I say a prayer that when I wake up  
You will always be there

I don't care how long it's been  
If I could do it all over, I'd do it again

I can't live without you, that's all I can say  
I think more about you every day  
What you've got to offer, I really need  
'Cause you have all the pieces to complete me

I can't live without you, and that's all I can say  
Well I thank the Lord each and every day  
For sending an angel to watch over me  
I finally found someone to love for all eternity

I can't live without you  
I can't live without you  
Yeah, I can't live without you, that's all I can say  
I think more about you every day  
What you've got to offer, I really need  
Cause you have all the pieces  
You have all the pieces  
You have all the pieces to complete me
