

Jaunty Monty and the Bubbles of Silence

Stereolab

You walked in
Around
Through a door
Got inside
Sweet Angel
A bit too hastily

I asked you
Wait for me
I'm slow to
Turn around
And I wasn't ready

Don't shatter
Love is so precious
Hold together
You are on the path

To your aim

Don't pull the roots
They are nourishing
So are the fruits
As we gasp
The leaves' oxygen

You walked in
Around
Through a door
Got inside

I asked you
Wait for me
I'm slow to
Turn inside
