

Mass Riff

Stereolab

The only rampart against war
The only and real force of change
The one that can counter horror
Is to increase the capacity
Is to magnify the potential
Is to enhance capability
Of action of all the people
To decide for humanity
Is to increase the capacity
Is to magnify the potential

The joy to love
To know to learn
Are the essence
Of existence
And so couldn't they
Govern it too?
To open up
Thanks to a word

The joy to love
To know to learn
Are the essence
Of existence
And so couldn't they
Govern it too?
The joy to love
To open up
