

# Breaking Dawn

Stereophonics

The sun breaks through in the morning range  
A happy home, where we'll hide away together  
Forever  
You're everything in the world to me  
And we'll live forever, now just you see  
Believe it  
I feel it

Breaking dawn  
Breaking dawn  
Young blood  
Rain down

The love you've known, you'll beg and steal  
Stay together or burn and bleed forever  
Together  
Hold our love inside your heart  
A marble child is a brighter star, believe it  
Oh, feel it

Breaking dawn  
Breaking dawn  
Young blood  
Rain down

Break down  
Breaking dawn  
Young blood  
Rain down

Do you remember  
Break down  
Do you remember  
Break down

Think about you every day  
I never meant to leave again  
And set your fall down  
Every time you go away  
Think about the words you say  
And break that over

Breaking dawn  
Breaking dawn  
Young blood  
Rain down

Breaking dawn  
Breaking dawn  
Young blood  
Rain down me
