Caught by the Wind

Stereophonics

Wolves in the woods Don't play by the rules From mouth to ear Anything's possible

Set the needle down
Take it back to the start
When do we lose
Just how free we are?

Help yourself to what you want Get caught by the wind Believing you can fly Celebrate everything

Sunbathing on the roof Watching aeroplanes Believing you can live Yeah forever and a day Oh, yeah

Every chain got a broken link Jump off the boat, you can swim or sink Swallows dive through the summer nights Something beautiful, money just don't buy

Help yourself to what you want Get caught by the wind Believing you can fly Celebrate everything

Sunbathing on the roof Watching aeroplanes Believing you can live Yeah forever and a day

Don't say it's over
It's never over
There's always time to change
And start again today
Right now

Wolves in the woods Don't play by the rules From mouth to ear Anything's possible

Help yourself to what you want Get caught by the wind Believing you can fly Celebrate everything

Sunbathing on the roof Watching aeroplanes Believing you can live Yeah forever and a day Oh yeah, Oo yeah
(Wooaaaah woaaah)
Oh yeah, celebrate everything
(Woaaaaaah woaaah)
Oh yeaaaaaaah
Help yourself to what you want
Get caught by the wind
Believing you can fly
Celebrate everything

Sunbathing on the roof Watching aeroplanes Believing you can live Yeah forever and a day
