

# Would You Believe?

## Stereophonics

Red light nightmare  
In the pouring rain  
Red hot Sunday  
Going back again  
Neon's calling  
On the drug filled streets  
And in the morning  
Drink myself to sleep

Hell I did it again  
Would you believe?  
I messed it all up again  
Would you believe?  
Sometimes I wish I was dead  
Would you believe?  
Said things I shouldn't have said  
Would you believe?  
Ah it's all gone to my head

Hell - heaven can wait

High street walker  
High heel shoes  
Street fight brawler  
Cops cuff the fools  
The drunks are drinking  
They sleep all day  
Wake up darling  
I'm lost again

Hell I did it again  
Would you believe?  
I messed it all up again  
Would you believe?  
Sometimes I wish I was dead  
Would you believe?  
I done things I shouldn't have did  
Would you believe?  
I'm not as strong as you'd think

Hell - heaven can wait  
Time tell - if I get out of this place  
Yeah

Would you believe?  
I messed it all up again  
Would you believe?  
It's all gone to my head  
Would you believe?  
Sometimes I wish I was dead  
Would you believe?  
I said things I shouldn't have said

Would you believe?  
I got a lot more to give  
Would you believe?  
I done things I shouldn't have did

Would you believe?  
I'm gonna change up my ways  
Would you believe?  
I wanna get out of this place

Would you believe?  
Yeah yeah  
Would you believe?  
Yeah yeah  
Would you believe?
