

The Waves

Stereos

You've got a cold heart, baby
And warm is something I'll never be again, never be again
I've got the lipstick stains and love pains
To show that I feel again, that I feel again

I call out in the night to see if the lights come on (come on)
I push through the walls to feel if you're truly gone

I wanna get that rush and soul crush of you
And me back again, baby back again
I wanna feel let down, hear no sound
Until we have that again, have that again

I call out in the night to see if the lights come on, come on
I push through the walls to feel if you're truly gone, truly gone

So I'll be the waves
And you'll be the ocean
Let me be the waves
And you be the ocean

Yeah
Yeah

I've got emotion sickness
I could never kick it anyways, kick it anyways
Another call might might fix it
Hit me up and hear what I've gotta say, what I've gotta say, baby

I call out in the night to see if the lights come on, come on
I push through the walls to feel if you're truly gone, truly gone

So I'll be the waves
And you'll be the ocean
Let me be the waves
And you be the ocean

Yeah
Yeah

So I'll be the waves
And you'll be the ocean
Let me be the waves
And you be the ocean

Yeah
Yeah

So I'll be the waves
And you'll be the ocean
Let me be the waves
And you be the ocean

Yeah
Come on back, come on back to me, baby
Yeah
And I'll be the waves
